### Drywall Tool(Lifter/Rasp/Carrier)"

- A lightweight and compact tool
- 3-in-1 function: Lifter, Rasp and Carrier
- Non-clogging rasp with protective guides
- Lifts standard size of drywall sheets
- Carries small sizes of drywall or plywood sheet

ITEM #	SIZE	INNER	MASTER	UPC CODE	BARCODE
G05024	3"	3	12	84389050245	

### Drywall Panel Carrier

- Durable high impact plastic construction
- Enables one person to more easily carry sheet materials
- Carry plywood and drywall easily
- Handle is angled to keep material away from hands

ITEM #	SIZE	INNER	MASTER	UPC CODE	BARCODE
G05025		1	6	84389050252	

Drywall Panel Lift

Premium Gauge All Welded Steel

Single Stage Winch For Raising Panels

- Lifts up to 150Lbs., Extends to 11'
- Folding Tripod Base
- Will handle up to 4'x16' Panels
- Hoist and Tilting Action
- Transports and dis-assembles easily

Heavy duty caster

### Magnesium Bull Float

The Goldblatt Heavy-Duty Magnesium Bull Float is perfect for any concrete project. Made of lightweight extruded magnesium, these floats are extremely durable and long wearing. Crafted with special reinforcement ribs for added strength and to prevent warping. The all magnesium construction prevents concrete from clinging to the float resulting in a smoother slab and better finish. Convention threaded 4-hole handle bracket included. Available in a variety of blade sizes.

Construction Clear Tarpaulins

**Ideal for Camping, Fishing, Hunting & Storage**

- Stronger than canvas
- Full weather protection
- Tear resistant
- Reinforced corners
- Waterproof
- Mildew proof
- Eyelets every 3'
- Washable
- Standard double coated

- Deflect sun rays
- UV ray resistant
- Lasts longer than colour tarps
- Reinforced Corners

**8x10 WEAVE**

The passive solar gain deep black color helps the interior insulation layers perform at optimum R-Values. The tough woven polyethylene fabric of our insulating blanket outer shells provides for long life and durability. These covers are black on the topside and silver on the bottom.

The highest R-Value flexible foam available for insulating blanket construction. Micro-foam is completely hydrophobic and very resilient for effective job site performance.

These Kiln and Concrete curing blankets and covers are not imported. They are custom manufactured to your specifications.

They are designed to last and are not the cheap throw away blankets.

### Concrete Curing Blanket 4 Layer

Four-layer insulation - 1/2" foam  
R 3.35 / R1.67 with 3" air space

R Values tested in accordance with ASTM C518  
Actual jobsite results will vary

### Cork Sheet Underlayment

Cork Sheets can be used for moisture guards, vibration absorption, gaskets, washers, insulation, padding, underlay, modeling, bulletin board replacements, oil mats under vehicles, technical applications, etc. Our sheets offer a fine grain cork with excellent durability and are easy to handle. Easy to cut and shape; our cork is perfect for industrial, commercial and home use.

Medium grain, easily cut or painted. Makes excellent picture matting, bulletin boards, coasters, endless craft projects.

Natural Cork Sheets — 1/8" (3 mm) thick.
